ABSTRACT

Each paper should begin with an abstract, followed by a set of keywords, both placed in the left column of the first page under the left half of the title. All body text, such as this paragraph, should be set in 10 point Times Roman type, with 11 points between successive baselines. (We will repeat that later in this document to make sure that you do not forget.)

ACM Classification: H5.2 [Information interfaces and presentation]: User Interfaces. - Graphical user interfaces.

General terms: Design, Human Factors (Your general terms must be any of the following 16 designated terms: Algorithms, Management, Measurement, Documentation, Performance, Design, Economics, Reliability, Experimentation, Security, Human Factors, Standardization, Languages, Theory, Legal Aspects, Verification. See [1] for more details.)

Keywords: Guides, instructions, formatting

INTRODUCTION

The *ITS* Conference Proceedings represent the final archival records of the conference. As in previous years, we are striving to give the book a single, high quality appearance. To do this, authors must follow some simple guidelines.

In essence, we ask you to make your paper look exactly like this document. You should match the type style, type size, line spacing, indentation, and layout format as closely as you can. In fact, if you received this document online, you can use it as a template. Just replace the text by your text, while keeping the same format. An RTF version of this document is available on the Web from the "Author's Guide" at the ITS conference home page (<http://www.its2010.org>).

Permission to make digital or hard copies of all or part of this work for personal or classroom use is granted without fee provided that copies are not made or distributed for profit or commercial advantage and that copies bear this notice and the full citation on the first page. To copy otherwise, or republish, to post on servers or to redistribute to lists, requires prior specific permission and/or a fee.

Use an A4 or 8.5"x11" sheet of paper. Center the image on the page. The whole image of your text should completely fit in a 17.8 cm x 23.5 cm box (7" by 9 1/4"). We have included here recommendations to help you match this sample with the facilities you might have, such as Microsoft Word on Macintosh or PC.

TITLE AND AUTHORS

The authors list should be removed for blind review.

The title, author's names and affiliations run across the full width of the page. We also recommend phone number and e-mail address, if available. (See the top of this page for two names with different addresses. If only one address is needed, center all text in the page)

- Title area: 1 column, 5.9 cm (2 1/3") length, 17.8 cm (7") width.
- Title: bold 18 point Helvetica—mixed cases
- Names: italic 12 point Times Roman
- Addresses, Tel, E-Mail: plain 12 point Times Roman

FIRST PAGE COPYRIGHT NOTICE

Remember to leave at least 2.54cm (1") of blank space at the bottom of the left column of the first page, as on this page. You must leave this space for the copyright notice on *all* submissions intended for publication in the proceedings.

Please note that all the authors of all accepted submissions will have to sign a copyright release form. Those forms will be sent with the acceptance letters and need to be returned rapidly. We encourage the contact persons of each submission to keep track of their co-authors' locations because they will be responsible for rapidly collecting the signatures.

NUMBER OF PAGES:

Submissions in different categories have different page limits.

- Papers: 10 pages maximum
- Notes: 4 pages maximum

TWO COLUMNS

All body text should be in 10 point Times Roman, with 11 points between successive baselines.

After the title use a double-column format as shown here. Column width is 8.5 cm, with 0.8 cm between columns (for
